

Literacy and Numeracy

In literacy, we shall be focusing our work on the book 'Peter Pan' by J.M Barrie.

We will create character profiles, write letters home from Neverland and, at the end of the term, we will write short scripts based on scenes from the book.

In numeracy, we will be continuing to work through our topics of addition, subtraction and fractions.

Art

In Art, we be studying the artist Vincent Van Gogh. We will be focusing on 'The Starry Night' painting and will be creating individual versions of it.

We will also look at the Japanese artist, Hokusai. We will be studying his wave art and will be making our own wave prints.

In R.E we will be looking at the key questions:

What makes some places sacred to believer?

Why does Easter matter to Christians?

Class 2

Spring 2020

Second Star to the Right

History

In History, we will be looking at who pirates were and how they lived. We will focus on their jobs, their pirate ships and will find out about Blackbeard.

The children will also use their own enquiry skills to find out about other famous pirates from the past.

Geography

We will discover all about the oceans, seas and continents of the world, as well as learning the capital cities of familiar European countries.

We will have a closer look at Neverland; looking at island formation and key physical features of a small island.

We will be keeping a close eye on the weather and try our best to understand the weather patterns of spring in the UK.

Our theme will allow us lots of treasure hunting; using and creating maps to help us with this.

Science

Our science this term will focus on forces. We will be investigating friction and magnetic forces.

We will be making a compass to help Peter Pan to find treasure. We will be helping him to get hold of Captain Hook's hook and we will be creating our own Peter Pam board game using magnets!
